To whom it may concern:

We recently heard about MOU Docket # 98N-1265 - We greatly are concerned about this and want this amended. In its present form the MOU, as well as the Compounding Section 503A of the modernization Act, severely restricts the rights of physicians and patients to obtain health care products from the provider of their choice and infringes on the rights of compounding pharmacies to serve the public's medical needs. Below are the signatures of some concerned citizens please give us your consideration -

Sincerely -
